

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

NVLX Wodonga

report date 27 Oct 2015

Yarding Change 2100
400

comparison date 20/10/2015

Numbers increased after last week's dearer market. The quality over the yarding was fair with a mixed selection of trade cattle. There was a limited selection of supplementary fed yearlings with the bulk of the well finished yearlings being grass finished. Grown steers and bullocks were in limited numbers. The usual group of domestic and export buyers were in attendance.

There was a very good selection of vealers and all domestic processors competed strongly for a market share of the better finished types. Light weight vealers and their crosses made from 265c to 295c/kg. Vealers lacking finish sold to restockers and feedlots to average 289c/kg. Medium weight trade steers and heifers sold to steady demand. The better finished medium weight steers made from 295c to 328c, while the heifer portion ranged from 255c to 316c/kg. Well-bred steers with frame made from 279c to 310c/kg. Yearling heifers suitable to feed on were in greater numbers and prices ranged from 255c to 280c/kg.

The usual contingent of export and domestic processors were operating. The better finished pens of C3 young heavy grown steers sold to stronger demand from both southern and northern processors, which resulted in a dearer trend of 4c to average 295c/kg. It was a good quality yarding of heavy bullocks and buyers paid up to 307c to average 295c/kg.
