

## Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

## **South Australia**

report date

22 Jan 2016

South Australian over-the-hook indicators held firm week-on-week, in what was the second report for the year. The medium weight (260-280kg, A-E muscle) cow indicator remained steady, averaging 428c/kg cwt. Please note, trends are not included due to some contributors still returning to quote.
