report date 19 Apr 2016

Yarding Change 1075
-880

comparison date 12/04/2016

Numbers dropped in mixed quality yarding. There was a notable shift in weight this market, with increased numbers of lighter weight vealers and yearlings. Most buyers were in attendance however, not all feedlot buyers were operating or present. Once again processors and feedlots were more selective when making purchases.

Prices for vealers was stronger owing to the reduced offering, however some pen lots reflected the dry seasonal conditions. Medium weight trade heifers sold to a smaller turnout of buyers and there was more demand for well lines from southern processors. Medium weight trade heifer sold at 281c to 300c, averaging 293c/kg. Trade steers sold to stronger demand and the better finished steers sold from 312c to 325c/kg.

The bulk of the yearling steer offering was quite mixed. Local feedlot competition was irregular at times. Medium weight steers sold from 270c to 305c/kg. There was less bidding for heifers to feed, with medium weight heifers selling at 280c to 294c/kg. In the export market, demand was generally stronger from both domestic and export processors. Grown steers and bullocks made from 266c to 297c/kg.
