report date 21 Jun 2016

Yarding Change 1100
-36

comparison date 14/06/2016

Numbers were marginally lower in a mixed quality yarding. A fair percentage of the trade offering was plain one and two score stock however, there was a very good selection of supplementary fed yearlings and heavy grown steers. The usual winter buying group were in attendance along with strong northern restocking competition.

Prices for the better finished vealers sold 11c to 17c dearer making from at 312c to 360c/kg. Medium weight trade heifers sold 16c higher, fuelled by increased competition for the supplementary fed portion. Trade steers sold to stronger bidding with well finished steers making from 328c to 358c/kg. Plain store conditioned steers returning to the paddock sold 33c dearer, selling from 320c to 386c/kg.

The bulk of the secondary yearling steer offering was quite mixed. Medium weight well-bred steers sold to stronger feedlot competition, with northern feedlot demand continuing to influence the price. Well-bred steers made from 325c to 360c/kg. There was more bidding for heifers to feed-on and prices ranged from 310c to 328c/kg.

In the export market demand was generally stronger due to the tight supplies. Grown steers and bullocks made from 306c to 356c/kg with the supplementary fed portion igniting the bidding.
