

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

NVLX Wodonga

report date 28 Jun 2016

Yarding Change 1070
-30

comparison date 21/06/2016

Numbers were similar in a mixed quality yarding. A fair percentage of the trade offering was mixed in quality, however there was a very good selection of supplementary fed yearlings and heavy grown steers. The usual winter buying group were in attendance along with some northern and local restocking competition

Prices for the better finished vealers sold 8c to 20c dearer making from at 332c to 370c/kg. Medium weight trade heifers sold 12c/kg higher, fuelled by increased competition for the supplementary fed portion. Trade steers sold to stronger bidding with well finished steers making from 332c to 366c/kg. Plainer store conditioned steers returning to the paddock sold 4c dearer, selling at 360c to 377c/kg.

The bulk of the secondary yearling steer offering was quite mixed. Medium weight well-bred steers sold to stronger feedlot competition, with northern feedlot demand continuing to influence the price. Well-bred steers made from 333c to 359c/kg. There was slightly more bidding for heifers to feed-on and prices ranged from 322c to 334c/kg.

In the export market demand was much stronger due to lack of numbers. Grown steers and bullocks made from 322c to 365c/kg, with the supplementary fed portion at times driving the market higher.
