

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### NVLX Wodonga

report date 12 Jul 2016

Yarding Change 1100  
-300

comparison date 05/07/2016

Numbers declined due to ongoing wet conditions. Grass finished cattle lacked finish and there were greater numbers of supplementary fed yearlings. Most of the usual buyers were in attendance along with strong local feedlot competition.

Prices for the better covered vealers were mostly unchanged to 3c dearer. European vealers and their crosses sold from 340c to 367c/kg. Vealers lacking finish sold to feedlots and restockers making from 333c to 360c/kg. Trade heifers were in reasonable supply and quality was very good. Medium weight trade heifer sold from 335c to 360c, while the lighter weight supplementary fed portion recorded a top price of 345c/kg. Trade steers sold to slightly stronger demand and the better finished steers made from 334c to 359.2c/kg.

The bulk of the yearling steer offering was quite mixed, with some steers in plain condition. Local feedlot competition and stronger demand from northern NSW helped fuel another price rise. Medium weight steers sold from 318c to 368c/kg. There was limited numbers of heifers suitable to feed on, while medium weight heifers sold from 330 to 337c/kg.

In the export market the seasonal shortage of heavy cattle caused bidding to intensify from export processors. Grown steers and bullocks sold 11c to 22c/kg higher making from 318c to 358c/kg. Heavy heifers were keenly sought, with the Angus portion reaching a top price 346c/kg.
