

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

NVLX Wodonga

report date 02 Aug 2016

Yarding Change 930
-210

comparison date 26/07/2016

Cattle prices were boosted by limited supplies. Quality was quite mixed due to the cold wet conditions in recent weeks. Not all export buyers attended or operated fully.

The limited supply of vealers to slaughter sold to strong demand selling at 335c to 387c/kg. Medium weight grass finished and supplementary fed heifers benefited from strong domestic competition, which resulted in a dearer trend of 9c/kg. The limited supply of well finished yearling steers, suitable for the trade, made from 358c to 386c to average 369c/kg. Tightening supplies of C2 yearling steers impacted on the sale with most selling to dearer trends. Well-bred steers were paid premium prices to record a top price of 377c/kg. There was an extra feeder heifers order in place and prices spiked to 12c/kg.

The mixed quality offering of grown steers and bullocks sold to a smaller group of export and domestic processors. Strong demand and limited supplies kept the market unchanged to a few cents dearer. The better quality pens of prime C3 steers and bullocks made from 350c to 370c/kg.
