

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

NVLX Wodonga

report date 09 Aug 2016

Yarding Change 1300
370

comparison date 02/08/2016

Cattle prices over secondary classes strengthened in a bigger yarding. Quality improved over trade weight categories with increased numbers of supplementary fed steers and heifers. Not all export buyers attended or operated fully.

Vealer prices softened due to the plainer quality, with the better finished making from 370c to 377c/kg. Medium weight grass finished and supplementary fed heifers benefited from stronger domestic competition with an extra buyer in the market after a lengthy absence. Trade heifers lifted 6c selling at 337c to 386c/kg. The well finished yearling steers suitable for the trade were unchanged to a few cents dearer making from 357c to 388c to average 371c/kg. Bidding intensified for secondary yearling steers with all classes selling significantly dearer. Well-bred steers were paid premium prices to record a top price of 396c/kg. There was less feeder heifers order in place and prices were generally unchanged selling from 344c to 374c/kg.

There was a mixed quality offering of grown steers and bullocks to a small group of export and domestic processors. Strong demand kept the market unchanged to 2c/kg dearer. The better quality pens of prime C3 steers and bullocks made from 350c to 370c/kg.
