There were approximately 270 export and 250 young cattle penned representing a decrease of 270 head week-on-week. The usual buying group was present but not all operating fully in a mostly dearer market. Quality was quite limited with fewer grain assisted lines and secondary cattle throughout. A very limited selection of heavy weight vealers suited to butchers sold around 5c/kg dearer and more for some isolated sales. Yearling trade steers gained 5c with the heifer portion kicking up 10c to 20c/kg. Grown steers improved 7c to 8c while the larger and better selection of bullocks eased slightly.

Heavy weight vealers suited to butchers sold from 380c to 403c/kg. Yearling trade steers made between 354c and 392c/kg. Yearling heifers to the trade sold between 330c and 392c/kg.

Grown steers made from 335c to 378c/kg. Bullocks sold from 328c to 364c/kg. Heavy weight Friesian manufacturing steers made between 293c and 316c with the crossbred portion between 300c and 342c/kg.
