Yarding Change $\frac{2000}{0}$

comparison date 17/01/2017

Numbers lifted and quality improved over trade categories. The usual domestic and export buyers were present along with some feedlot and restocking competition. Once again the market showed some mixed price trends.

The good quality supply of vealers sold to stronger bidding, with processors influencing the higher price trends. Well finished vealers sold to a few cents dearer making 300c to 369c/kg. There main run of trade heifers eased 5c to average 307c/kg. Not all domestic processors competed for yearling steers which caused prices to slip back 5c/kg. A smaller group of feedlot buyers attended, with mostly local feedlots driving demand. Medium weight yearling steers lost last week's gains of 5c to sell from 304c to 344c/kg. There were less feeder heifer orders in place and well-bred heifers to feed on sold from 296c to 325c/kg.

The very good quality offering of grown steers and bullocks sold to the usual turnout of buyers. The C3 and C4 steers sold 7c to 10c cheaper making from 285c to 332c/kg.
