AuctionsPlus Market Comments: Week Ending 27th June

By: Anna Adams

A retraction in cattle numbers saw 5,429 head offered this week, while sheep and lamb numbers increased slightly to 44,973 head.

ABARES June quarter Commodities report indicating continued high export demand for lamb and mutton into 2014/2015 is encouraging, and no doubt contributed to excellent final week of trading for the financial year, and particularly for crossbred ewes and Merinos to drop a spring crossbred lamb. Young Merino ewes in lamb to terminal sires sold from, \$95 to a top of \$150 for Wanganella blood ewes out of Warren, and scanned proven breeders made \$91.50 to \$145. First cross ewe lambs close to joinable age and weight sold from \$140 to \$147, and young scanned ewes made \$110 to \$223, with the top price for two year olds in lamb to White Suffolk out of western Victoria.

Merino wether numbers dropped, and competition was again hot for heavy wethers. In central NSW, October shorn Glanna blood rising two year olds weighing 46kg sold for \$100, and the three and four year olds at 59kg with a full jacket made a formidable \$125.50.

Mutton sales were primarily aged ewes this week, with prices ranging from 294c to 360c. Four year old wethers at Bourke estimated to dress 23kg with an inch on their backs made 402c or \$92.50. Trade lamb prices in Tasmania ranged from 548c to 565c, including skin value.

Light weaners steers achieved better clearance this week, and the average price was up 4c to 209c, ranging from 185c to 242c, and heifers averaged 162c, down 12c on last week. 250-300kg steers made 196c to 230c, and though all steers in this weight range were black cattle, the average still dropped 13c to 211c. 300-350kg averaged 196c for weaner and yearling cattle, and feeder weight steers made 176c to 196c. The top priced yearling steers made \$695 for Herford & Santa cross steers weighing 345kg out of Talwood, while weaner steers topped at \$735 for 335kg Moongilla blood Angus steers at Coonamble.

Quality young females with calves at foot were the highlight of today's cattle sales. The top price was \$1610 for rising three year old Santa heifers with their first calf at foot. Angus and Black Baldies out of Victoria with their first and second calves made \$1190-\$1240, and other cow/calf units sold from \$800 to \$1000. If demand is pushing prices to these levels at present, one wonders about the prices that will be seen for replacement females when the break finally does come in the north and focus returns to restocking.

Prices also firmed for PTIC females with first-calf heifers making \$625 to a top of \$1010 for Rennylea blood Angus heifers in central NSW. Young cows sold from \$500 to \$1010, and lines of aged cows made \$475 to \$535.

Cattle		
State	Town	Details
QLD	Winton	160 Comp Hfrs, 3-4 yrs, 430kg, \$515; 234 Comp Hfrs, 3-4 yrs, 438kg, PTIC SH, \$565
