

## **AuctionsPlus Market Comments: Week Ending 15<sup>th</sup> May 2015**

**By: Anna Adams**

### **PTIC crossbred Heifers to \$1325, Scanned first cross Ewes to \$212**

Cattle numbers eased this week to 5,989 head, down 2,500, possibly an indication of tightening supply. Breeders outshone young cattle with strong demand for joined females and those with calves at foot. Sheep numbers also declined to 43,253 but with prices across all aspects of the sheep market on the rise clearances were solid.

As is typical moving through autumn, most ewes offered are scanned in lamb and first cross ewes were highly sought after. The top price was for 18 months olds in lamb to White Suffolk at Bendigo, selling for \$212. Proven breeders sold from \$150 to \$210, and ewe lambs made \$130-\$145.

Aged Merino ewes scanned to drop a crossbred spring lamb were also an attractive option this week with both lamb and mutton prices skyrocketing. This article sold from \$93 to a top of \$131 for heavy six year old ewes out of Cooma, in lamb to Poll Dorset. Merino ewe lambs sold from \$59 to \$72.50, and joined maidens made \$102 to \$120.

Very few store lambs were offered, with mixed sex lines approaching killable weights making \$11.50 to \$113, and those requiring more finishing made \$102.50 to \$105.50, and with published lamb prices for winter these are still looking like a money-making prospect.

Merino wether prices continued to climb, buoyed by recent movements in the wool market, though lamb prices varied significantly with weight and skin, selling from \$36.50 for light lambs in central QLD, averaging \$65 with a top price of \$110 for May/June drop lambs weighing 44kg with a November jacket.

Cattle prices did not hit last week's highs, though there was a bit less weight coming through in this week's weaner cattle. Light steers less than 250kg made 241c to 334c to average 282c, up 21c and heifers made 215c to 283c averaging 237, down 2c. 250kg-300kg steers sold for 239c to 307c to average 278c, no change on last week, with the top rate being for 292kg Angus steers at Deepwater. 250kg-300kg heifers made 215c to 249c to average 229c, down 5c, 300kg-350kg heifers averaged 235c and those just over 350kg averaged 236c, both steady on last week. 300kg-350kg black weaner steers made 255c to 292c averaging 280c, while yearling crossbred steers out of QLD at this weight made 246c to 279c to average 268c, topping at \$905 for 326kg Angus cross steers at Meandarra. Large numbers of mixed age females with calves out of Queensland have again materialised with a market spike, and demand has followed suit. These lines ranged in price from \$890 to \$1260, and three to seven year old Angus and Angus/Droughtmaster cows with Angus calves out of Goondiwindi sold for \$1370. Young females with calves at foot sold from \$1200 to \$1280.

There were also plenty of PTIC females meeting good demand from both restockers and processors. Yearling heifers sold from selling from \$765 to a top of \$1325 for Angus/Santa heifers out of Inverell in calf to Angus. Young cows sold from \$800 to a twice-hit top of \$1300, and mixed age lines made \$890 to \$1205.

Cattle		
State	Town	Details
