

**Rangelands Officer**  
**Mount Isa, Queensland**

**Salary range** between \$75,074 - \$82,869 plus package benefits

Southern Gulf NRM is a not-for-profit community-based company responsible for planning and implementation of sustainable Natural Resource Management (NRM) in the southern Gulf of Carpentaria region of North West Queensland.

The cattle industry, based on native rangelands pastures, is the dominant land use in the region. Achieving sustainable natural resource management outcomes in the region demands strong partnerships with the industry, working collaboratively towards best practice management of native pastures.

We are seeking an energetic and flexible Rangelands Officer who will take the lead in the development and delivery of projects that support the sustainable management of the region's extensive rangelands. As well as contributing to the long-term viability of the beef industry, the position contributes to the sustainable management of water resources, environmental and heritage values and landscape resilience in the region.

The successful applicant will have professional qualifications and/or substantial experience in agriculture or environmental science. They will be able to demonstrate knowledge of the beef industry and of best management practice in rangelands management. Project development and management, extension and engagement skills, and networking and partnership development are also very important attributes for success in the role.

This is a challenging and rewarding role for someone committed to a sustainable future for the iconic gulf pastoral industry.

To apply for the role, please email your Resume and a covering letter of up to three pages outlining how you satisfy the key selection criteria (found in the Position Description) to [ceo@southerngulf.com.au](mailto:ceo@southerngulf.com.au).

For a copy of the Position Description, please visit the Southern Gulf NRM website at [www.southerngulf.com.au](http://www.southerngulf.com.au). If you have any enquiries, please call Andrew Maclean on 07 4743 1888.

The closing date for applications is 5pm Sunday 23 January 2017.
