

BINDAREE BEEF
— AUSTRALIA —

Maintenance Technician

- Permanent Opportunity With Immediate Start Available
- Industrial / Food Processing Environment
- Family Focused Regional Community

The Bindaree Beef Group (BBG) is an integrated branded supply chain meat business delivering global meat solutions through a relentless focus on delivering in-full on-time with the highest quality assurance, and achieving complete alignment between producers and customers. BBG is a family owned and operated business built on a reputation for product quality and business integrity. Bindaree Beef, the processing facility of BBG, has been committed to providing customers with a superior beef product for the past 30 years and has grown into one of Australia's largest meat processors and a prominent leader in the Australian meat industry. Bindaree Beef is located approx. 5kms from the regional town of Inverell which is nestled in the picturesque valley beside the Macintyre River of NSW.

An opportunity currently exists within our Maintenance team for a proactive, energetic and experienced Maintenance Technician on our afternoon shift. Reporting to the Maintenance Team Leader the successful candidate will be required to perform a wide range of preventative maintenance and breakdown tasks associated with the provision of a strong Electrical and Maintenance program. The central focus of this role and our Maintenance Team is to ensure the ongoing availability, reliability and capability of the plants process, systems and equipment.

Responsibilities include, but are not limited to:

- Responding to breakdowns quickly and effectively;
- Demonstrating strong fault finding and problem resolution capabilities to ensure minimum downtime of all plant equipment;
- Working with our Operations team to ensure continuous improvement initiatives are identified and introduced where ever practicable;
- Completion of all documentation and record keeping requirements in a timely manner;
- Working constructively and co-operatively within a team environment;
- Ensuring a key focus on safety at all times;

Required skills & experience:

- Current NSW Trade Certification;
- Highly developed fault finding and problem solving skills;
- Previous experience with PLC, HMI / Scada, VSD, Instrumentation etc.;
- Minimum 3+ years in a similar role;
- Well-developed communication skills;
- Ability to demonstrate initiative and work constructively as part of a team supporting co-workers;
- Strong understanding of GMP & HACCP requirements;
- Commitment to complying with Company Policies and Procedures and relevant legislative requirements;
- Reliable and proven work history;
- Ability to work as part of a rotating roster;
- Experience within a food processing environment will be highly regarded.

For more information contact Rob Daemon on 02 6721 1411, or to apply for this role, please submit your resume to recruitment@bindareebeef.com.au before Friday 24th February, 2017.
