

Refrigeration Plant Operator/Engine Driver.

The Northern Cooperative Meat Company is seeking a suitable accredited Refrigeration Plant Operator/Engine Driver. This is an essential role within the Maintenance Department of NCMC's food processing plant based in Casino NSW.

Casino is located close to Lismore offering convenient access to beaches, rivers and national parks which makes the Northern Rivers area so desirable. This role offers a great opportunity to combine your career in the meat processing industry with a great lifestyle.

Required criteria:

- Working knowledge of refrigeration systems and their ancillaries.
- SCADA Process control room experience.
- Boiler operations certification.
- Industrial Ammonia Refrigeration experience.
- Sound knowledge of WHS systems, Safe Work Statements and Risk Assessments.
- Willingness to work rotating rostered shifts.
- Proven mechanical aptitude
- Ability to work with QA systems.
- Team Player
- Good communication skills.
- Basic Computer skills – Excel, Word, Outlook
