

General / Business Manager

- **Contract Management Focus**
- **Well established, Agribusiness Assets**
- **Melbourne Based**

Our client is an established agribusiness asset manager with diverse assets nationally and has a strong history of innovation within the Australian agribusiness sector. They are seeking a General Manager to join their leadership team in Melbourne to manage the ongoing commercial operation of one of their well-established agribusiness investments.

Reporting to a Managing Director, you will be responsible for managing the portfolio of assets and have day-to-day contract management responsibilities, delivering the Company's agreed objectives. You will proactively manage and work with regionally based management teams, and other functions within the business, from both a day-to-day asset management and contract management perspectives to optimise the overall business performance.

This challenging position will include working closely with the Company's legal and accounting services partners and overseeing a mix of detailed, routine tasks at an operational level, while also making recommendations on highly conceptual commercial issues at an investment level.

Therefore, the following skills and experience are being sought:

- A degree in business, agribusiness or similar, with a minimum of 8+ years' working experience
- In depth knowledge of investment property management
- Working knowledge of agricultural assets, with experience in livestock a distinct advantage
- Sound commercial judgement based on well-developed financial evaluation and decision-making skills
- Conversant in legal documentation relating to acquisition and lease of agricultural assets Ability to work independently at a detailed operational level with limited administrative support
- A goal driven self-starter, able to find innovative solutions to problems and a strong commitment to results
- Sound interpersonal skills to gain the support of staff, peers, customers, and service providers.
