

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Toowoomba Landmark

report date 23 Jun 2014

Yarding Change 464  
-314

comparison date 16/06/2014

The supply of stock fell by 40% and the trend of large numbers of young cattle continued. Virtually no bullocks were penned and the relatively small selection of cows was generally in the lower fat score range. A fair panel of buyers was present and most were operating. Apart from some selected lines restocker activity was very subdued in the young cattle section, while feeder operators provided a very solid base and lifted prices on quality lines. Restockers provided strong support on plain condition cows and prices improved accordingly.

Vealer steers to restockers averaged 170c with the occasional sale to 199.2c/kg. Vealer heifers to feed averaged 143c and made to 150.2c/kg. Lightweight yearling steers returning to the paddock averaged 176c and medium weight feeders mostly sold around 169c with some to 181.2c/kg. Heavyweights to feed averaged 180c and made to 186.2c/kg. Medium weight yearling heifers to feed averaged 147c and heavyweights to the trade mostly sold around 154c/kg.

Plain condition cows to restockers averaged 106c and made to 111.2c/kg. Heavy bulls made to 154.2c/kg.
