

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 24 Jun 2014

Yarding Change 1157
-66

comparison date 17/06/2014

Numbers experienced very little change and there was a wide variation in quality across most categories. A fair panel of buyers competed in a generally dearer market. Vealer heifers to feed improved by 6c and heavy yearling steers to feed averaged 12c/kg better. The small selection of local trade lines also experienced strong competition. Prices for the fair selection of cows improved by 2c to 6c/kg, as restockers provided stronger demand for plainer condition lines, while processors displayed more interest on the better conditioned classes.

Calves returning to the paddock averaged 138c and made to 151.2c/kg. Vealer steers to feed and restockers averaged 181c, with some to local butchers reaching 190c/kg. A good sample of vealer heifers to feed and local and southern processors averaged 143c, with some to 180c/kg. Lightweight yearling steers returning to the paddock averaged 166c and poor quality lines averaged 125c/kg. Medium weights to feed averaged in the 170c range, while heavyweights averaged 184c and made to 197.2c/kg. The occasional heavyweight to the trade made to 201.2c/kg. Medium weight yearling heifers to feed averaged 144c, while local trade lines averaged 164c and made to 178.2c/kg. Heavyweights to the trade averaged 167c and made to 177.2c/kg.

A handful of heavy grown steers made to 169.2c and the very small selection of bullocks averaged 158c/kg. Medium weight plain condition cows to restockers averaged 94c, while some heavy classes made to 118.2c/kg. Good heavy cows to processors averaged 131c and made to 142.2c/kg. Heavy bulls made to 157.2c/kg.
