

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Landmark

report date 07 Jul 2014

Yarding Change ⁷⁵⁹
113

comparison date 30/06/2014

The trend of slightly larger numbers continued and young cattle represented over 80% of total numbers penned. The usual panel of export processors and feeder operators was present, along with few a restocker buyers. Poor condition young cattle experienced a patchy market. However, the better presented vealers received strong competition and this trend flowed onto the medium and heavy weight yearling steers to feed. The relatively small selection of cows generally sold to dearer trend.

Vealer steers to feed averaged 167c and made to 189.2c/kg. A good supply of vealer heifers to feed and slaughter averaged in the 140c range, with some to 179.2c/kg. Medium weight yearling steers to feed averaged 170c and made to 199.2c, while the heavyweights sold to a top of 203.2c to average 193c/kg. Lightweight yearling heifers to feed averaged 137c and the medium weights averaged 154c/kg.

Medium weight 2 score cows averaged close to 110c and made to 117.2c/kg. A handful of good heavy cows averaged in the 130c/kg range. Heavy bulls made to 143.2c/kg.
