

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Landmark

report date 14 Jul 2014

Yarding Change 860
101

comparison date 07/07/2014

The trend of slightly larger numbers continued and buyers were very selective. Young lightweight cattle experienced the greatest falls to lose 10c to 15c, and up to 20c/kg in places. The top end quality medium weight feeders met strong demand, however the wide variation in quality allowed average prices to ease. Heavy weight yearling steers to feed generally sold to a strong market, however most classes of yearling heifers sold to a much cheaper trend. The relatively small selection of bullocks received strong support from processors. Cows experienced a mixed trend, with plain condition classes losing ground in price, while good heavy cows sold to a dearer market.

The very occasional vealer steer made to 238.2c, while the largest number sold from 141.2c to 170c/kg. Vealer heifers averaged 5c to 12c cheaper, with feeders averaging 136c and slaughter classes at 128c/kg. Medium weight yearling steers to feed averaged 156c and made to 180c and D muscle classes 138c/kg. Heavy weights to feed made to 191.2c to average 181c/kg. Medium weight yearling heifers to feed averaged 136c and made to 140.2c/kg. Poor quality lines averaged from 102c to 115c/kg.

Bullocks made to 174.2c to average 173c/kg. Medium weight 2 score cows averaged 92c and made to 107.2c/kg. Good heavy cows made to 136.2c to average 133c/kg. Heavy bulls made to 154.2c/kg.
