report date 17 Nov 2014

Yarding Change ⁷⁴⁶/₅₃

comparison date 10/11/2014

The supply of stock experience very little change and young cattle were in the largest numbers. Buyer attendance was good however, similar to other markets, not all were operating. Young cattle generally sold to good competition to experience only quality related price changes, with a couple of well-bred lines receiving very good demand. The very small selection of heavy grown steers and bullocks sold to a cheaper trend. Cows continued to lose ground in price, with plain condition classes 6c to 7c cheaper, however the better condition lines fell in price by over 20c/kg.

The occasional vealer steer made to 228.2c and most of the vealer heifers sold in the 170c/kg range. Light weight yearling steers to feed averaged 181c and poor quality lines to restockers averaged 140c/kg. The occasional B muscle yearling steer made to 223.2c, while most to feed sold from 175c to 199.2c/kg. Heavy weight lines to feed averaged 193c and also made to 199.2c/kg. Light weight yearling heifers to feed averaged 168c and poor quality lines were in the 130c/kg range. Medium weight classes to the trade made to a top of 198.2c to average 171c/kg.

Heavy grown steers and bullocks sold in the 180c range, while some heavy grown steers to the local butcher trade made to 195c/kg. Medium weight plain condition cows to restockers averaged 107c/kg. Medium weight 3 scores to processors averaged 142c, while good heavy cows made to 156.2c to average 151c/kg. Heavy bulls made to 190.2c/kg.
