

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Toowoomba Landmark

report date 15 Dec 2014

Yarding Change <sup>197</sup>  
-337

comparison date 08/12/2014

There was a large reduction in supply for the final sale of the year and yearling steers and heifers were in the largest numbers, along with a few pens of cows. Restockers dominated the smaller buying panel and prices generally improved across all classes of young cattle. The small selection of cows also experienced price improvements of 4c to 9c/kg.

A handful of calves to restockers averaged 197c, with the occasional sale to the trade at 213.2c/kg. Lightweight yearling steers to feed reached 213c and a couple to the trade made to 204.2c/kg. A fair sample of light weight yearling heifers returned to the paddock at 192c while some well-presented lines sold to the trade in a range from 203c to 212.2c/kg. Medium weights to feed averaged 187c and a couple to the trade made to 195.2c/kg.

Medium weight 2 score cows to processors averaged close to 150c and made to 159.2c/kg. Heavy bulls made to 170c/kg.
