

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Toowoomba Landmark

report date 16 Mar 2015

Yarding Change 435  
-56

comparison date 09/03/2015

The supply of stock experienced very little change and young cattle were in the largest numbers. Export buyer attendance was generally good however most were operating on reduced prices. The usual feeder operators and trade buyers plus some restockers were active in the market. Young cattle generally maintained a firm trend with only quality related price changes. Cows lost 5c and up to 10c/kg on some small samples.

Vealer steers to restockers averaged close to 240c with some to feed reaching 249.2c/kg. Vealer heifers to the trade made to 217.2c to average 209c and feeder classes averaged 215c/kg. A few medium weight yearling steers to feed averaged 234c and poor quality lines 205c/kg. The best of the heavy weights to feed averaged 240c and made to 245.2c/kg. Medium weight certified grain-fed yearling heifers made to 238.2c while D muscle lines to feed averaged 167c/kg .

A few full mouth bullocks made to 214.2c to average 211c/kg. Medium weight 3 score cows averaged 168c and made to 170.2c/kg.
