

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Toowoomba Elders

report date 01 Jun 2015

Yarding Change <sup>693</sup>  
-70

comparison date 25/05/2015

Numbers experienced a small decline and there was a good sample of young light weight cattle, only a handful of bullocks and a fair selection of cows penned. The usual exporters were in attendance and active while most of the usual feeder buyers were present however not all were operating. Most of the young light weight cattle received strong support from a good panel of restockers and medium and heavy weights to feed struggled to maintain a firm trend. Bullocks improved in price and cows also sold to a market 1c to 2c/kg dearer.

Vealer steers returning to the paddock made to 276c to average 268c/kg. Vealer heifers to feed and processors mostly sold in the 220c range while the better lines to local butchers averaged 238c and made to 240.2c/kg. Light weight yearling steers to restockers made to 291.2c to average 271c/kg. Medium weight yearling steers to feed averaged 248c while those to restockers made to 278.2c to average 266c with poor quality lines at 212c/kg. Well-bred light weight yearling heifers to feed averaged 222c and made to 230.2c/kg. A couple of medium weights to the trade made to 240.2c and D muscle lines to feed averaged 188c/kg.

The handful of bullocks made to 239.2c/kg. Medium weight 2 score cows averaged 169c, with the occasional sale to 182.2c/kg. Good heavy cows made to 208.2c to average close to 202c/kg. Heavy bulls made to 237.2c/kg.
