

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Landmark

report date 01 Jun 2015

Yarding Change $\frac{650}{344}$

comparison date 25/05/2015

The supply of stock more than doubled and the larger yarding contained a good mix of young cattle and a fair sample of medium weight grown steers to feed, along with a few pens of full mouth bullocks and a relatively small supply of cows. Export buyer attendance was good and all were active, however the trend of not all feeder buyers operating continued. Young light weight cattle received strong competition from restockers, feeders and the trade, however the heavy weights to feeders struggled to maintain a firm trend. Bullocks sold to a market 7c dearer and cows improved by 2c to 3c/kg.

Vealer steers to restockers made to 271.2c, to average close to 270c/kg. Vealer heifers averaged 216c, with some to 227.2c/kg. Medium weight yearling steers to feed averaged close to 246c, while those returning to the paddock averaged 248c and made to 256.2c/kg. Local trade descriptions averaged 252c and made to 254.2c/kg. Heavy weights to feed averaged 256c, with the occasional sale reaching 271.2c/kg. Medium weight yearling heifers to the trade averaged 242c and made to 249.2c/kg.

Medium weight grown steers to feed averaged 215c and made to 239.2c/kg. A few pens of full mouth bullocks made to 238.2c and averaged 237c/kg. Medium weight 2 score cows average 170c and good heavy cows sold to 209.2c before averaging 202c/kg.
