

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Toowoomba Landmark

report date 27 Jul 2015

Yarding Change 360  
-420

comparison date 20/07/2015

Useful falls of rain in parts of the supply area more than halved the number of stock penned. Young cattle were in the largest numbers along with a handful of heavy grown steers and bullocks and a relatively small selection of cows. Buyer representation was good and included some additional supermarket support on the yearling steers and heifers. Young cattle generally experienced a lift in price of 10c/kg, pushed up by stronger trade and feeder demand plus restocker competition. However prices for export classes could not maintain the previous week's level and average prices for cows eased by 9c/kg.

The occasional vealer steer with showing potential made to a high of 339.2c, with most returning to the paddock at 284c/kg. Vealer heifers averaged in the 250c range and made to 261.2c/kg. Light weight yearling steers returning to the paddock averaged 270c, with some to 290c/kg. Medium weights to feed mostly sold around 291c, with the occasional sale to 330c/kg. Heavy weights to the trade averaged 292c and made to 308.2c/kg. The occasional B muscle yearling heifer to the trade made to 305.2c, with most around 283c/kg.

Heavy grown steers averaged 267c and a handful of bullocks made to 274.2c/kg. Medium weight 2 score cows averaged 195c while good heavy cows were in the largest numbers and averaged 243c, with sales to 247.2c/kg. Heavy bulls made to 232.2c/kg.
