

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Landmark

report date 03 Aug 2015

Yarding Change 515
155

comparison date 27/07/2015

The supply of stock increased by 43% and similar to other markets young cattle were in the largest numbers and no bullocks were penned and only a relatively small sample of cows. A fair panel of buyers covering all classes was present and most were active. The better quality young cattle sold to stronger demand from feeder operators, restockers and the trade. Cows generally sold to increased competition to regain the previous weeks losses.

Calves returning to the paddock made to 320.2c to average 297c/kg. A large selection of vealer steers also returned to the paddock and averaged just under 300c and made to 305.2c/kg. Vealer heifers to the trade made to 269.2c to average 268c/kg. Lightweight yearling steers to restockers made to 298.2c to average close to 294c/kg. Good quality medium weight yearling steers to feed averaged 291c and sold to 302.2c/kg. Heavyweights to feed made to a top of 299.2c to average close to 289c/kg. Lightweight yearling heifers to feed averaged 266c with a few reaching 273.2c/kg. Medium weight yearling heifers to feed averaged in the mid-260c range and made to 270c, while a couple of heavyweights to the trade made to 290c/kg.

Medium weight 2 score cows averaged 207c and heavy 3 scores averaged 236c/kg. Good heavy cows made to 242.2c/kg. Heavy bulls made to 277.2c/kg.
