

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

| Roma Store | report date | 20 Oct 2015 | | | |
|------------------------------|-----------------|-------------|--|--|--|
| Yarding 7038 Change -2577 | comparison date | 13/10/2015 | | | |

Yarding numbers declined 20% and the quality of store cattle remained mixed. Young, light cattle improved in price with slightly increased restocker buyer competition. Top quality steers prices were cheaper at times, but less supply of cattle appeared to put a price floor in the market for plainer steers and light weight yearling heifers. Increased restocker demand on store cows helped lift prices on some pens of 2 score cows during the sale.

Steer calves sold to 298c and averaged 289c, down 1c, while heifers calves sold to 278c and averaged 254c, up 3c/kg. Light weight yearling steers topped at 314c and averaged 291c, while plainer sorts made to 278c and averaged 262c, up 2c/kg. Medium weight yearling steers to feed hit 302c and averaged 294c, while those returning to the paddock earned to 290c and averaged 286c/kg. Heavy weight yearling steers to feed reached 296c and averaged 284c, down 9c/kg. Light weight yearling heifers sold to 288c and averaged between 247c and 265c/kg. Medium weight yearling heifers topped at 278c and averaged between 220c and 265c/kg.

Most forward store cows sold between 200c and 207c, with the occasional pen to 210c/kg. A line of Droughtmaster-cross cows with 5 to 6 month old calves sold \$1,220/unit.
