

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 15 Nov 2016

Yarding Change ¹³¹³/₁₁₇

comparison date 08/11/2016

The supply of stock experienced a small increase and most of the usual buyers were present and competing in a firm to dearer market. A mixed quality line up of young cattle dominated the selling pens, along with a small selection of heavy grown steers and bullocks and a relatively good sample of cows. Restockers continued to be very active on light weight cattle with average prices improving a further 3c to 10c/kg. Medium weight yearling steers to feed gained 1c to 3c, however heavy weights to feed improved by 25c to 30c/kg. Light weight yearling heifers to local and southern processors tended to struggle at times while restocker classes were in demand. Bullocks averaged 3c better and cows lifted in price by 4c to 6c/kg.

Steer calves returning to the paddock made to 453.2c while heifer calves sold to 441.2c, with mixed sex calves averaging 412c/kg. The very occasional light weight yearling steer with show ring potential made to 610.2c/kg. Most of the light weight yearling steers returned to the paddock at an average of 390c with some to 411.2c/kg. Medium weight yearling steers to feed averaged 351c and made to 365c/kg. Heavy weights to feed mostly sold in the mid-340c range, with some to 357.2c/kg. Light weight yearling heifers averaged close to 344c, with some to restockers reaching 369.2c/kg. Medium weight yearling heifers to feed averaged 336c and local trade lines made 342c, with sales to 350c/kg.

Bullocks made to 306.2c to average 298c and full mouth bullocks were not penalised to reach 298.2c and average 296c/kg. Medium weight 2 score cows averaged 221c and sold to 228.2c/kg. Good heavy cows made to 259.2c, with most selling close to 246.2c/kg. Heavy bulls made to 258.2c/kg.
