Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick	report date 07 Mar 2017					
Yarding 1117 Change -23	comparison date	28/02/2017				

There was little change in numbers for a yarding of just over 1,100 head. There was a good yarding of young cattle, while cows dominated the grown cattle section. The yarding of young cattle consisted of a few less yearlings while there was an increased number of light veal and calves. Quality of the young cattle was mixed with the largest percentage of cattle going to restockers and feeders.

Competition was weaker with restocker vealer steers selling 5c to 10c cheaper selling to a top of 355c to average 345, while restocker vealer heifers averaged 324c/kg. Feeder and restocker yearling steers were down by 5c to 10c selling to 339c to average 317c/kg. The odd trade yearling heifers ranged from 287c to 356c/kg. Feeders also lost ground selling to 321c to 275c/kg.

The yarding of export cattle was made up mainly of cows, along with a smaller penning of grown steers and heifers. Quality of the steers and heifers was fairly good, however the quality of cows was mixed. Not all the regular export buyers operated this week, resulting in bullocks and steers selling 14c cheaper ranging from 265c to 285c, while heifers sold to a top of 297c to average 254c/kg. Heavy cows lost 6c and more in places topping at 229c, while medium weights were down by 15c to 20c with 3 score medium weights under 520kg averaging 209c/kg.
