

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 23 May 2017

Yarding Change 1104
-80

comparison date 16/05/2017

There was a small reduction in supply and overall quality was mixed. A fair panel of export buyers was present and most were operating, however some of the feeder buyers were absent from the market. Young light weight cattle continued to receive very strong support from restockers. Medium weight yearling steers to feed sold to a cheaper trend, however heavy weight yearling steers to feed and all classes of yearling heifers sold to strong demand. The younger end of the heavy grown steers to export slaughter also received strong support. Cows experienced a mixed trend with plain condition classes 6c/kg dearer while good heavy cows experienced no change in price.

Light weight steer calves to restockers made to 444.2c while light weight heifer calves made to 410c with a fair number of mixed sex calves averaging close to 380c/kg. Vealer heifers to feed made to 340.2c to average 335c and a small selection to the trade made to 343.2c/kg. Light weight yearling steers returning to the paddock mostly sold around 376c with sales to 405.2c/kg. Medium weight yearling steers to feed averaged 326c and made to 343.2c and heavy weights to feed mostly sold in the 320c/kg range. Light weight yearling heifers to feed averaged close to 328c and made to 333.2c/kg. Medium weight yearling heifers to feed mostly sold around 305c with a few better condition classes making to 325.2c/kg.

Heavy grown steers to export slaughter made to 305.2c to average 285c and less than a handful of bullocks made to 280.2c/kg. Medium weight 2 score cows averaged 205c and made to 210.2c and the 3 scores averaged 215c/kg. A small selection of good heavy cows averaged 227c and made to 230.2c/kg. Heavy bulls made to 277.2c/kg to return \$2,966/head.
