Market Comments
 Week ending 21/10/2011

Sheep and lamb numbers dropped slightly this week to finish at 54,278 head. Cattle numbers were also down again, totalling 3,738. A similar story to offerings at saleyards this week, the biggest drop was in cattle out of Queensland, with good rainfall across parts of the state, and heavy rain in the north.

Our lamb market picked up this week, with strong sales for both new season lambs and older Merino lambs. A big line of quality second cross 3 month old lambs at Young topped at \$111.50 for mixed sexes weighing 37kg. 3900 5-6 month old Hazeldean blood Merino wether lambs at Wyvern made \$79, and 12 month old Alma blood wethers sold for \$100 at Walcha.

South Australia is a growing sheep market, and we consistently see good results for their offerings. In particular there is strong demand for their large framed Merinos, which for a producer rebuilding their woolgrowing flock, will get them bigger wool cuts in the less volatile market of the slightly higher micron. While we didn't see the highs of some of the record sales achieved there this week, 215 one and a half year old Ramsgate blood ewes made \$230 at Tintinara, and 5 month old Merino ewe lambs sold for \$104.

Angus steers were harder to find this week, which saw better prices, and restockers willing to pay more for crossbred steers. 12-15 month olds at Caroonna weighing 280kg made 284c/kg and 182kg Angus cross steers at Rylstone sold for 275c. Angus weaner heifers were in the 230-240c range.

Breeding females bounced back today, joined cows in particular performing better than in recent weeks. Ready to join heifers were scarce after meeting strong competition last week. Angus & Angus cross heifers with calves at Walcha made \$1500, and Charolais cross heifers with Santa & Charolais calves at Merriwa sold for \$1350. Santa cross 3 year old cows at Hay, PTIC to Angus, sold for \$1290.
