Yarding Change 553
-537

comparison date 26/05/2011

Numbers reduced across all classes in a smaller yarding, with trade cattle supplies very limited, while stores and cows were the largest classes to be sold.

The store yarding was of a more mixed quality and weight. Feeder demand was more conservative, while restocker demand from the west coast contributed to lightweight steer sales being dearer.

The cow market eased after the very strong competition of the previous week, while heavy weight bull demand followed a similar path.
