

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

CTLX

report date 21 Jun 2011

Yarding Change 1644
-456

comparison date 14/06/2011

Fewer cattle were yarded with the vealers reduced in number, while good runs of the yearlings were penned. Grown steers were well supplied with the heifers also lifting in number, while around 280 cows were offered.

Medium weight vealer steers returning to the paddock slipped 4c as the heavier weights to lot feeders and the trade improved 3c to 5c/kg. The heavier vealer heifers selling to the trade lost 4c/kg. Light and medium weight yearling steers to lot feeders sold at similar rates, while the heavier weights also to the feeders and restockers eased 6c to 10c/kg. Yearling heifers sold 5c to 6c cheaper with the heavy weights to the trade ranging from 170c to 182c/kg.

Medium weight grown steers to lot feeders sold at similar rates, while the heavy weights to slaughter slipped 7c/kg with the bullock portion remaining around firm compared to the previous market. Heifers lost 4c as the best reached 187c/kg.

Cows sold to a cheaper trend to ease back 2c to 3c/kg. The plainer D2 pens averaged 128c as the better covered D3 and D4 cows ranged from 134c to 144c/kg. Heavy bulls sold from 130c to 155c/kg.
