

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 21 Jun 2011

Yarding Change ¹²⁰⁵
181

comparison date 14/06/2011

Young cattle dominated the selling pens in a slightly larger yarding. Only a small number of heavy steers to export slaughter were penned and virtually no bullocks. Buyer attendance was not as strong as previous sales and values eased for a number of classes. Calves to restockers and vealer steers and heifers went against the downward trend and sold to within a few cents of the previous weeks level. However yearling steers to feed lost 10c to 20c/kg from the high-level experienced the previous sale. Export grades fell a further 2c to 3c/kg.

Calves to restockers made to 243c with a fairly large sample averaging 229c/kg. A few vealer steers ideally suited to the butcher trade made to 249c, while most sold to restockers at 221c/kg. Vealer heifers to the trade, restockers and feeders generally sold in the early 200c/kg range and a selected few to local butchers made to 233c/kg. Medium weight yearling steers to feed mostly sold in the mid 180c range while only well bred grades made to 215.2c/kg. Heavy yearling steers to feed averaged in the early 170c range with some to 184c/kg. Lightweight yearling heifers to restockers averaged 190c and a small selection of medium weights to the trade made to a top of 214c/kg.

A handful of heavy steers to export slaughter averaged 166c and made to 167c/kg. Most of the cows penned sold to restockers in a range from 128c to 150c/kg. Medium weight 2 score cows to processors averaged 121c, and 3 scores 133c and a handful of medium weight 4 scores averaged 142c/kg. Heavy bulls made to 150c/kg.
