

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 28 Jun 2011

Yarding Change 860
-345

comparison date 21/06/2011

The recent decline in market values combined with ample feed in the supply area reduced numbers. A relatively good supply of young cattle were penned however only a small number of heavy steers bullocks and cows came forward. Values for young cattle generally sold to a strong market with good support from restockers, feeder operators and the trade, with local butchers particularly keen to obtain a select few of the top quality lines. Export grades of heavy steer bullocks and cows tended to struggle to maintain the prices of the previous sale.

A fair supply of calves returned to the paddock at 223c with a few to 259c/kg. Vealer steers to feed and restockers averaged around 215c and a handful sold to the trade at 240c/kg. A good supply of vealer heifers sold to local and southern processes at 206c, and a small number sold to local butchers at an average of 232c with an isolated sale to 256c/kg. Medium weight C2 yearling steers to feed averaged 193c, while a few better grades reaching 221c to average 204c/kg. Some supplementary fed lines to the trade averaged 237c and made to 246c/kg. Medium weight D muscle lines to feed averaged 171c/kg. Lightweight yearling heifers to restockers averaged 193c, and medium weight lines to feed averaged 192c/kg.

Heavy steers to export slaughter sold to 170c to average 169c/kg. Medium weight 2 score cows averaged 118c and 3 scores 130c/kg. A small selection of good heavy cows averaged 146c with the occasional sale to 150c/kg to return \$1172/head. Heavy Bulls made to 151c/kg.
