

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Landmark

report date 18 Jul 2011

Yarding Change 2³⁵

comparison date 11/07/2011

A combination of rain in the supply area plus some producers reluctant to sell on the present market resulted in numbers remaining low. A fair selection of young cattle were penned, and heavy steers, bullocks and cows were in short supply. A good line-up of buyers was present and all were operating. The mixed quality line-up of young cattle sold to fair demand, while lesser quality lines were cheaper. The handful of export grades generally sold firm to dearer.

A couple of calves sold to restockers at 211.2c, while a fair sample of lightweight yearling steers also returned to the paddock at an average of 203c with sales to 215c/kg. Lightweight yearling heifers to the trade averaged 195c and sold to 203.2c and a few medium weights to feed averaged 176c/kg.

A couple pens of bullocks sold from 166.2c to 177.6c to average 170c/kg. Medium weight 2 score cows averaged 116c and a few pens of 4 scores made to 145.2c to average 142c/kg. Heavy bulls made to 146.2c/kg.
