

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Landmark

report date 25 Jul 2011

Yarding Change ⁴⁰⁰
165

comparison date 18/07/2011

The supply of stock increased following the low numbers the previous week and overall quality was mixed with young cattle in the largest proportion. Values for young cattle to slaughter varied in price according to quality, while restockers provided a very solid base on lightweight lines. Well bred medium weight yearling steers also attracted strong support from feeder operators. A small selection of export grades sold at rates similar to the previous week.

Poor condition calves sold to restockers at an average of 232c with some to 240.2c, while trade descriptions generally sold around 200c/kg. Vealer heifers averaged 203c and made to 204.2c/kg. Medium weight yearling steers to feed averaged 207c with a few to 217.2c/kg. Lightweight yearling heifers sold to the trade at 195c, and a few medium weight D muscle lines averaged 150c/kg.

Heavy 3 score steers average 161c, and the better grades made to 170.2c to average 167c/kg.

Medium weight 2 score cows sold to 128c to average 121c and 3 scores sold around 136c/kg. Good heavy cows made to 160.6c to average close to 150c/kg. Heavy bulls made to 167.2c/kg.
