

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Dubbo

report date 28 Jul 2011

Yarding Change 2840
630

comparison date 21/07/2011

Numbers lifted for a mixed quality offering, with vealers and yearling steers well supplied. Yearling heifers were limited, while grown steers were yarded in good numbers and cows slipped back percentage wise compared to the last market. An extra southern feeder and processor entered the competition and overall the better presented end lifted a few cents in value.

Vealer steers returning to the paddock gained 6c as the heifer portion to the trade improved 2c/kg. The best heavy weight vealers to the butchers reached 252c/kg. Medium weight yearling steers to lot feeders lifted 6c, while the heavy weights to the trade sold from 177c to 235c/kg. Heavy weight yearling heifers to the trade ranged from 180c to 208c/kg.

Grown steers to lot feeders eased marginally in value; however, the majority carried extra weight. The heavy weight steers to slaughter sold according to age and finish and remained similar in value compared to the previous market to sell from 165 to 185c/kg. The heifer portion remained firm as the best reached 186.6/kg.

Cows sold to solid competition to remain firm to 4c dearer as the plainer D2 pens averaged 133c/kg. The medium and heavy weight D3 and D4 cows ranged from 141c to 153c as the C muscles reached 156c/kg.
