

Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

New South Wales

report date 19 Aug 2011

Direct to works slaughter rates were dearer for all categories due to a number of processors adjusting rates. Demand for MSA eligible cattle has increased, with contributors lifting rates by 15c/kg cwt. Supply of young prime stock remains tight in some locations, forcing processors to work at a reduced capacity.
