

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

CTLX

report date 23 Aug 2011

Yarding Change 860
-150

comparison date 16/08/2011

Consignments slipped for a small offering of mixed quality cattle. The younger drafts together with the grown steers were well supplied percentage wise, while only 45 cows were yarded. The usual buying orders competed and the market trend was dearer.

The medium and heavy vealer steers returning to the paddock lifted 2c to 6c selling from 191c to 228c/kg. The medium and heavy weight heifer portion to lot feeders and the trade improved 10c with the best topping at 220c/kg. Medium weight yearling steers to lot feeders and the restockers gained from 5c to 10c as the best to the trade reached 240c/kg. Yearling heifers to feeder orders lifted 3c to 8c, while the medium weights to the butchers improved 8c to range from 195c to 240c/kg.

Heavy grown steers to slaughter lifted 10c to sell from 172c to 199c as the light and medium weights to feeder orders sold to strong competition to range from 189c to 202c/kg. The heifer portion lifted 6c/kg in value.

The limited selection of cows improved 7c as the better finished D3 and D4 medium and heavy weights sold from 144c to 155c, while a single C muscle reached 160c/kg.
