

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### CTLX

report date 13 Sep 2011

Yarding Change <sup>1685</sup>/<sub>45</sub>

comparison date 06/09/2011

Quality remained mixed and numbers continue to increase with the younger vealers reduced in the yarding. Fair percentages of the yearling categories were offered, however grown steers slipped in number compared to the last market. There were around 350 cows penned and the usual buyers competed in a firm to dearer market.

Vealer steers to restockers ranged from 190c to 244c as the heifer portion sold from 200c to 219c/kg. The best heavier lots to the trade reached 250c/kg. Light and medium weight yearling steers to restockers and lot feeders lifted 1c to 4c/kg as the heavy weights to trade purchases remained firm in value. Medium weight yearling heifers to lot feeders lifted 5c/kg, while the heavy weights to the trade showed little change in value compared to the last market.

Medium weight grown steers to lot feeders sold at firm prices, while the heavy weights to slaughter gained 4c/kg. The heifer portion lifted 3c, as the best reached 192c/kg.

Cows sold firm to 3c dearer as the plainer D2 pens averaged 145c/kg. The better finished medium and heavy weights ranged from 142c to 162c/kg.
