

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Great Southern Saleyard

report date 15 Sep 2011

Yarding Change 717
-92

comparison date 08/09/2011

The smaller yarding was of a similar make up with trade and heavy weight steer and heifer supplies remaining tight while there was reasonable cows supplies. The store grades accounted for the majority of total numbers. Quality throughout the classes was again mixed.

Trade weight yearling enjoyed solid trade inquiry, while heavy weight steers and heifers all recorded stronger processor demand which subsequent resulted in prices climbing. Store quality and weight were mixed and demand from the feeder and restocker sectors was weaker throughout both sexes.

The remained a reasonable quality and weight in the cow yarding. Increased processor competition was recorded and this resulted in a solid lift in prices. This trend was then also the case in the smaller numbers of heavy weight bulls.
