

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Pakenham

report date 25 Oct 2011

Yarding Change ³³³/₅₇

comparison date 18/10/2011

Numbers were only marginally larger with 2 bullocks, 292 cows and 31 bulls penned. There were some very good quality cows and bulls penned, but fewer of the cows were in prime condition. Coupled with less competition, the lesser quality aided a price fall of 1c to 7c for better quality cows, and 4c to 10c/kg for others.

Only 2 bullocks were sold which made 177c to 180c/kg. Very good quality beef cows that were heavy in weight, and some were fatter 4 and 5 score cows, sold to the best demand and made from 152c to 169c/kg. Larger frame dairy cows made from 134c to 159c, and the balance of the yarding, which included some very light poor condition cows sold from 107c to 131c/kg. Overall, the carcass weight price average was estimated to be 302c/kg.

Within the larger penning of bulls were some excellent A and B muscle bulls. These made from 181c to 199c, and were up to 7c/kg dearer. Other bulls made from 150c to 178c/kg.

There is no market next Tuesday (Melbourne Cup Day).
