

Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

Queensland

report date 04 Nov 2011

Demand for prime cattle eased, with a number of processors reducing rates by up to 10¢/kg cwt across all grades. The climbing A\$ and inconsistent supplies have slowed the market. Supplies are expected to vary again in the coming weeks, with more rain predicted.

Grain fed rates were firm, while MSA eligible cattle were higher.
