

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 08 Nov 2011

Yarding Change 1026
282

comparison date 01/11/2011

There was a fair lift in numbers following the short supply the previous week. The quality of the young cattle was fair to good and a relatively good number of heavy steers and bullocks were penned along with a fair supply of cows. A large number of buyers were in attendance and inline with the early week markets the export buying panel contained additional processors. Young cattle generally received strong demand from butchers feeder operators and restockers. Heavy steers and bullocks to export slaughter sold 3c to 5c dearer, and cows regained the previous week's losses to sell to a market 3c to 4c/kg better.

A few calves to restockers made to 250.2c to average 234c/kg. Vealer steers to feed made 242.2c to average 241c, and a handful of vealer heifers sold to local butchers at 238c/kg. Lightweight yearling steers to feed averaged 230c, while those returning to the paddock averaged 250c and made to 269.2c/kg. Medium weight yearling steers to feed made to 248.2c to average 225c, and trade descriptions made to 244.2c/kg. Heavy yearling steers to feed averaged 203c and made to 218c, while slaughter descriptions made to 211.6c to average 200c/kg. Lightweight yearling heifers to local and southern processors averaged 210c and made to 229.2c while some returned to the paddock at 231.2c/kg. A handful of medium weight yearling heifers to the trade sold to 238.2c, while a fair supply of heavyweights made to 220.2c to average 195c/kg.

Heavy steers to export slaughter made to 205.2c to average 196c/kg. Bullocks mostly sold around 195c with some to 201c/kg.

Medium weight 3 score cows averaged 143c and made to 150c/kg. Heavy 3 scores averaged 150c, while the best of the cows made to 174.2c to average 162c/kg. Heavy Bulls to slaughter made to 164.2c, and some returned to the paddock at 170.2c/kg.
