

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Great Southern Saleyard

report date 17 Nov 2011

Yarding Change ¹³⁵⁹
140

comparison date 10/11/2011

The larger yarding included reasonable supplies of bullocks, heavy weight steers and heifers and there was an increase in trade weight yearling steer supplies. Vealer supplies were on par, while yearling store grades and cows continued to have good representation.

Restocker and feeder competition on a mixed quality vealer yarding was varied and generally more selective this week. Trade weight yearling quality was solid, but despite this there was a weaker feeder and local trade competition recorded.

Heavy weight steers and heifers of all grades enjoyed increased competition and subsequent higher prices, while a relatively firm market was again seen throughout the cow classes.
