

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

# Great Southern Saleyard

report date 08 Dec 2011

Yarding Change <sup>2022</sup><sub>759</sub>

comparison date 01/12/2011

The larger yarding of vealers included increased supplies of heavy weights with solid numbers of medium and light weights again offered. Quality continued to be solid throughout most of the classes. There was a general easing in feeder demand on heavy weights, while restocker demand was also lower on light and medium weight vealer steers. Light and medium weight vealer heifers on the other hand enjoyed increased demand following on from the weaker interest last week.

Medium weight vealer steers returning to the paddock ranged from 252c to 260c with sales to 287c/kg. Feeder medium weights averaged 236c with the heavy weights making closer to 230c/kg. Medium and heavy vealer heifers to feeders sold mostly from 213c to 226c/kg after making to 233c/kg.
