

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Landmark

report date 18 Jun 2012

Yarding Change $\frac{878}{573}$

comparison date 04/06/2012

Numbers lifted following the two-week break. Buyer attendance was good and included most of the major export processors along with trade and feeder operators plus a fair panel of restockers. Quality was mixed in the young cattle section, however a large consignment of bullocks from western districts boosted the standard of the grown cattle. Lightweight lines of yearling steers and heifers received strong support from restockers, feeder operators and the trade.

Lightweight yearling steers were well supplied and feeder descriptions averaged 206c and restocker lines 208c with sales to 219.2c/kg. Lightweight lines dominated the yearling heifer portion and most were snapped up by feeder operators at 190c/kg. Slaughter descriptions made to 198.2c to average 197c/kg.

Heavy steers to export slaughter averaged 174c and made to 175c/kg. A large number of bullocks made to 180c in pen lots with most around 178c/kg.

Medium weight 2 score cows averaged 126c and sold to 128.2c/kg. Heavy 3 scores averaged 131c and a handful of good heavy cows made to 145.6c/kg.
