

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Dubbo

report date 18 Oct 2012

Yarding Change 4300
816

comparison date 11/10/2012

The numbers increased once again with approximately 4300 penned. Yearlings were in large numbers and heavy grown steers were also well supplied. The quality offered was very mixed as was the finish. All of the regular buyers were in attendance.

Vealers sold to a cheaper trend. Lightweight yearling steers varied with those to feed selling cheaper, up to 6c/kg. Lightweights to restockers were dearer, up 1c to 9c/kg with weight a contributing factor, equating to a lower dollar per head outlay. Medium and heavy feeders were firm to 5c cheaper with the medium weights least affected. Heavy trade steers also sold to a cheaper trend, down 2c/kg. Lightweight heifer yearlings to processors averaged 4c/kg dearer. Medium and heavy trade heifers saw a cheaper trend with the better quality lines down 3c to 4c/kg and the secondary quality lots more.

The quality of the heavy grown steers was below the previous week with very few well finished young steers penned. With quality and condition a contributing factor to price change the market trend was cheaper, down 8c/kg. Grown heifers also recorded a cheaper trend. The cow market followed suit to be 2c to 7c cheaper with some quality related variations.
